

EraseToolBase

```
classDiagram
    EraseToolFunction ..|> EraseToolBase
    EraseToolTweak ..|> EraseToolBase
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'EraseToolBase'. Below it are two boxes: 'EraseToolFunction' on the left and 'EraseToolTweak' on the right. A dashed line connects the two bottom boxes, with a solid arrow pointing upwards from the center of this line to the bottom of the 'EraseToolBase' box, indicating that both 'EraseToolFunction' and 'EraseToolTweak' inherit from 'EraseToolBase'.
